

| B.TECH FINAL YEAR STUDENT |

OBJECTIVE

Creative & detail-oriented final year B.Tech student with a strong interest in UI/UX design, web development & digital experiences, seeking opportunities to apply technical knowledge, problem-solving abilities & innovative thinking to create user-friendly & impactful solutions.

PROJECTS

Pixels & coffee | HTML, CSS, JavaScript

Developed a multi-page personal portfolio with interactive navigation, animated loading effects, a downloadable resume & dedicated sections for skills, projects, experience & contact.

Incredible India travel Blog | HTML, CSS, JavaScript

Created a multi-page travel website featuring interactive destination exploration, city-wise travel information, travel guides & a user registration form.

Digital Calculator | HTML, CSS, JavaScript

Developed a lavender-themed calculator with basic arithmetic & an expandable scientific mode featuring functions such as sin, cos, tan, log, $\sqrt{}$, π , brackets & powers.
